

SHOPPING ON SKIS

Arc 1950 Le Village is the place to go shopping in Les Arcs. After passing over the Village on the fabulous high-speed Pré St Esprit chairlift with its heated seats, you are bound to want to come down and visit the Village and its main street. Transformed into a ski run, it winds through the residences with their coloured facades and the pretty boutiques, the pubs, tea rooms and varied restaurants. The 30 retailers in the Village are there to welcome you every day for some shopping on skis. You can almost go into the shops without taking your skis off: a unique experience!

For non-skiers staying in the neighbouring Les Arcs villages, everything has been organised to make it easy to get to the Village. The inter-resort buses (for Arc 1600 and Arc 1800) and the Cabriolet (for Arc 2000) offer free and direct access.

6. Shopping

Shopping at your ski tips

As well as the fun of going shopping on your skis or snowboard, our retailers will welcome you to their cosy, upmarket boutiques. They offer prestigious brands and unique items so you can stand out on the slopes or even in town. From technical skiwear to refined urban clothing and holiday souvenirs, you will always find something you like. Choose from brands like Bogner, Fusalp, Napapijri, Sportalm, Toni Sailer, Casteljacob, Rossignol, Arc'Teryx, Descente and many others ...

A culinary world tour

Through their diversity, our restaurants take you on a world tour without ever leaving the Village, with homemade products, Italian, Savoyard and Irish specialities, steak houses, gastronomic cuisine and even seafood!

You will be spoiled for choice, so it just remains for us to wish you "Bon Appétit"!

Fast food? Yes, but the quality version!

For those in a hurry or anyone who wants to spend every second on the slopes, some of our restaurants offer a fast food service. You can choose between hamburgers and chips on a terrace, mountain-style sandwiches or even the deli counter at the Village supermarket! In the springtime, the Arc 1950 market will be back in its quarters under the clock tower.

A fridge garnished on your arrival

An elegant supermarket proposes all you will need during your holiday: a meat counter and a deli counter, rotisserie food, a prepared dish of the day, currency exchange and a newsagent service. You can even ask for your shopping to be delivered to your apartment.

#experience1950

Shopping in the footsteps of the stars.

Lined with piste markers that are each dedicated to a film star, the ski slope that runs through the Village is also a fantastic shopping street. The lovely boutiques on either side of the "Slope of Fame" will remind you that, in Arc 1950, you are the star !
