SPA with a view of the giant of the Alps: Mont Blanc

There are numerous experiences in Arc 1950, but you will find this one quite original. There are Spas with a sea view, but we have one that overlooks Mont-Blanc, the most spectacular mountain in the Alps.

The ambiance of the Deep Nature SPA Arc 1950 lives up to the splendour of Mont Blanc, with its 1 000 m2 unique and grandiose mineral world: fun pools, theme grottos, a Turkish bath, sauna, multi-sensorial showers, a Norwegian shower, footbaths, a relaxation room, facials and body treatments for adults and children, massages...

This winter, the Deep Nature SPA Arc 1950 has created:

- . personalised "Signature" massages that are even more relaxing and invigorating,
- . a new range of natural "Deep Nature Skin Care" products with free discovery sessions open to all once a week.
