

## IT'S ALL ABOUT THE KIDS

There is no other resort in the Alps like Le Village for children: they feel at home from morning till night, with toboggan runs, no cars, entertainment every day, play areas and activities right in the heart of the Village. Family happiness is considered in terms of services and activities, and there is always something great for kids to do while their parents look on admiringly. There is no doubt that, when bedtime comes around, they will sleep like logs...

## 5. Children

While parents are at reception collecting the keys to their apartment, Arc 1950 Le Village provides all sorts of games for guests of all ages to keep them entertained until they can get in to their new home. Family holidays are all about sharing and getting away from it all, but also about becoming more independent and discovering new horizons. In Arc 1950 Le Village, you will find all you need: ski lessons for all ages and levels, fun activities at the Cariboo's Club crèche and even a special 'Teens' passport ...

### **Cariboo's Club crèche**

Le Village has even built a pretty house for children called the Cariboo's Club, which looks after your little ones aged 9 months to 13 years. It is one of a kind, just like the Village. When the children arrive, Mister Cariboo welcomes them to a land of discovery.

Several formulas are offered, depending on what time you want to leave your children, if they are staying for lunch, if they are skiing, which activities they want to do...

Little children do as much as the bigger ones at their own pace and discover the joys of mountain life: games, first ski lessons in the Village's own kids' snow garden, snow shoeing... Don't worry, Mister Cariboo is keeping an eye on them...

### **Spirit 1950 by Evolution 2: the ski school that adapts to all your requirements**

Spirit 1950 By Evolution 2 proposes a full range of activities and lessons adapted to all levels and ages so that everyone can enjoy the mountain. A team of dynamic instructors supervise their clients in French, English and Russian.

#### **Backcountry Camp: set your teenagers free!**

To discover all different kinds of riding in the Paradiski area, the Backcountry Camp is a course for 12 to 17-year olds with a good skiing level, who dream of making the mountain a real playground. On the programme: off-piste awareness, riding in the Snow Park, snake gliss descents, learning to use avalanche equipment...all supervised by professionals, of course. The Backcountry Camp is a passport to freedom for teenagers and an opportunity to go home with amazing memories captured on video during the week.
