

## SKI and SNOWBOARD to your heart's content

---

Skiing we certainly have,  
and very good skiing  
too, but also dream  
conditions, play areas,  
relaxing easy runs and  
more...

Arc 1950 le Village is a  
constant invitation to  
find the best of yourself  
in action.

5. The Paradiski area

### WHAT YOU NEED TO KNOW

Arc 1950 le Village is certainly the most beautiful and exclusive entrance into the Paradiski area – the world's second largest ski area – and its 425 km of runs. The Village also offers an exceptional variety of fun or exploratory activities that range from a contemplative sleigh ride to the frantic adrenalin rush of speed riding.

### PARADISKI: AN XXL PLAYGROUND THAT GOES BEYOND YOUR WILDEST DREAMS

Guests staying in Arc 1950 le Village deserve the very best skiing and the ski area around the village certainly meets this requirement. Renowned for the beautiful landscapes at the entrance to the Vanoise National Park, Paradiski unfurls its hundreds of kilometres of runs that rise to 3250 metres in altitude. The combination of the Les Arcs, Peisey-Vallandry and La Plagne areas make Paradiski the world's second largest ski area!

Guests staying in Arc 1950 le Village will find all the comfort and services they are accustomed to thanks to the resort's modern infrastructures and employees who do all they can to ensure that visitors have a great time.

This ski paradise will appeal to all levels, from beginners to hardened riders, with its huge range of different areas to ride: perfectly groomed slopes, ungroomed but secured Natur' pistes, forests where you can shelter from bad weather, fun zones, snow parks, first tracks...

Don't let the beauty and variety of the area take your breath away: you'll need it!

SKI and  
SNOWBOARD  
to your heart's  
content

## LET EVERY MOMENT BE UNIQUE, JUST LIKE YOU!

Are you more of a sporty or a contemplative type (you might even be both!)? Almost before you have taken your skis off, you will find other activities to enjoy in the village. Your programme can be as unique as you are yourself. If you have already recharged your batteries in the swimming pools, Turkish baths, fitness rooms and spa, why not try other enticing activities, such as:

- ski joëring (skiing behind a horse) through the village
- a dog sled ride from Pré St Esprit
- a wild ride on a skidoo
- a helicopter ride to see the area from above
- a toboggan run, whether a softer version (Snake Gliss) or a thrilling ride in the Rodéo Park!

You can also try the unusual surroundings of the Igloo Village, plunge into the Mongol ambiance of an evening in a yurt or go snowshoeing to discover the natural beauty of the area... If you are seized by the desire to put your skis back on to go higher, faster, further and with even more thrills, speed riding will be the ultimate experience for you.

If you like to be surprised, why not let us put together a tailor-made programme just for you. If it seems like you just won't have enough time to cover all the things to do in and around Arc 1950 le Village, there is only one solution: come back and do it again!

## NEW FOR WINTER 2018

### An even more attractive ski area

ADS, the ski lift company in Les Arcs, has invested heavily in the area around Arc 1950 le Village.

- Pré St Esprit chairlift is being replaced by a new lift that is more comfortable and much faster; it will take just 8 mins to cover the 2900 metre ascent and can carry up to 2400 people/hr. The new 6-seat chairlift will even have heated seats! It will also have stylish blue-tinted covers for skier comfort.
- The Vallée de l'Arc run that is served by the new chairlift is being redeveloped, reshaped and widened for easier skiing between the bottom of Marmottes/Bois de l'Ours chairs down to the bottom of Comborcière.
- To guarantee quality snow conditions from the start to the end of the season in the Vallée de l'Arc, 30 new snow makers are being installed between the bottom of Arcabulle and the bottom of the new Pré St Esprit chairlift.
