

SHOPPING ON SKIS

Arc 1950 Le Village is *the place to be* for shopping in Les Arcs. After passing over the Village on the fabulous high-speed Pré St Esprit chairlift with its heated seats, you will want just one thing: to have a look around the Village shops. The street becomes a ski run in the winter, winding through the middle of the Arc 1950 residences with their coloured facades, pretty boutiques, pubs, tea rooms and restaurants.

The Village's 30 retailers welcome you every day and you can almost do your shopping without taking your skis off: a unique experience!

Some of the retailers even offer small backpacks to carry your purchases when you ski off.

As for non-skiers staying in other sites in the resort, they will find it easy to get to the Village on the shuttle buses (Arc 1600 / Arc 1800) or on the Cabriolet (Arc 2000) that offer direct access free of charge.

A gastronomic world tour

Through their diversity, our restaurants will take you on a tour of the world without leaving the Village: homemade dishes, Italian, Savoyard and Irish specialities, steak houses, refined cuisine and even seafood!

With all the choice of restaurants, all we need to do is wish you bon appétit!

In the spring, the Arc 1950 market will be making a comeback and setting up under the clock tower.

Fast food? Yes, but high quality!

For those in a hurry or anyone who wants to get every second they can out of their ski day, some retailers offer a fast food service. You can choose between a hamburger and chips on a terrace, a real mountain sandwich or the deli service on offer at the Village supermarket!
