

AWAKEN your sleeping beauty...

Arc 1950 le Village makes all your dreams accessible on skis (although we do recommend taking them off before you plunge into one of the resort's many swimming pools, spas or Jacuzzis...!)

WHAT YOU NEED TO KNOW

Arc 1950 le Village was designed from the start to offer a fully ski-in/ski-out experience from all the residences. Every apartment enjoys free access to the best après-ski fitness facilities with indoor and outdoor swimming pools, saunas and Turkish baths...

To go one step further without leaving the Village, the Deep Nature Spa opens its doors to 1000m² of pure wellbeing.

A VILLAGE DESIGNED TO SKI EVERYWHERE

Nature does do things well: in its grandiose mountain environment, Arc 1950 le Village is at the heart of an amazing ski area, but we don't think you should have to take your skis off at the bottom of the slopes.

The location and layout of Arc 1950 le Village were designed so that all the resort's residences, shops and infrastructures would be accessible on skis.

A gentle slope takes you through the village, without having to push on your poles, right to your residence, to one of the shops or back out to the slopes.

Leaving or coming back to where you are staying, going shopping, having lunch or dinner in one of the resort's restaurants or going to the spa... In Arc 1950 le Village, you can combine all this with the pleasure of skiing!

LUXURY, CALM AND SENSUALITY: ALL YOU NEED TO RECHARGE YOUR BATTERIES

After the intense sensations on the slopes, or even before you go out, Arc 1950 le Village invites you to spoil yourself.

Take a deep breath and relax, the village's residences all have facilities to help you relax and get fit that you can use free of charge and as often as you want. With its indoor and outdoor swimming pools, Turkish baths and saunas, the Arc 1950 le Village experience means enjoying a level of comfort and luxury worthy of the best hotels.

To boost or maintain your level of fitness, you can also use the fitness rooms in each residence.
