

THE ENCHANTED VILLAGE

There is nowhere else like the Village in the Alps. It was designed with children in mind and is a real paradise for them! They feel at home from dawn till dusk, with ski and toboggan slopes to enjoy, no cars, entertainment every day, play areas and activities in the heart of the Village. Family happiness is shaped by both a great level of service and the range of activities on offer, and here there is always something great for kids to do as their parents look on and admire. You can be sure that when night comes, they will be needing their sleep...

5. Children

On your arrival in Arc 1950 Le Village, there are all sorts of games to occupy children of all ages who are often impatient to discover their new home. Of course, a family holiday is all about sharing and getting back to the basics, but it's also a time to enjoy a little more freedom and discover new horizons. In Arc 1950 Le Village, everything is set up: ski lessons, fun activities at the Cariboo's Club creche and even a "Passport to Freedom" for your teenagers...

The Cariboo's Club

The Village has even built a pretty house called the Cariboo's Club for children aged 9 months to 13 years. It's one of a kind, just like the Village. When the children arrive, Mister Cariboo welcomes them to the land of discovery.

He proposes several formulas, according to how long you want them looked after, with lunch or ski lessons included, the activities chosen, etc.

At their own pace, the smaller children do as much as the bigger ones and discover the joys of mountain life: games, first skiing sensations in the kids' garden in the Village, snowshoe walks... Don't worry, Mister Cariboo is looking after them...

Les Petits Troubadours: children can also enjoy "Shopping on skis"!

Children will have a great memory of going to Les Petits Troubadours. They will find everything they are looking for there: ski wear and accessories, games, toys, cuddly toys, sledges and souvenirs. It's a magical and prettily decorated place for your little ones.

#experience1950

Backcountry Camp: your teenagers are finally free!

To allow them to discover all the styles of riding on the Paradiski slopes, the Backcountry Camp is a course for 12 to 17 year olds who have a good skiing level and who want to turn the mountain into a real playground. On the programme: off-piste awareness, fun in the Snowpark, Snake Gliss or learning to use an avalanche beacon, all supervised, of course, by professionals. A passport to freedom for teenagers, the Backcountry Camp is also an opportunity to take some amazing memories home with you thanks to the Go-pros used during the course.
