10 years of Les Arcs Film Festival

When the movie industry takes up its winter quarters, you may well meet a star of the silver screen in one of the shops, in a restaurant or at the pool. A cultural event in a unique setting, the Les Arcs Film Festival offers a selection of 120 films, professional events, concerts, DJ sets and other activities in a quirky film-focused atmosphere.

Every year for the past 10 years, the Village has hosted the Les Arcs Film Festival. This year, for its 10th edition, the Village will be dedicating its ski run to the stars that have visited over the past 10 years during this original cultural event.

A permanent gallery of photos of the stars who have been guests in the Village will also go up in each of the residences.

Happy anniversary to Les Arcs and to Pierre & Vacances Premium

Les Arcs and its 4 sites, including Arc 1950 Le Village, were created by passionate visionaries. The creation of Les Arcs has been a real adventure that developers and local representatives, architects and engineers, farmers and sports lovers have participated in. All of them contributed to "inventing" one of the world's best ski areas. Many legends from the skiing world have seen in Les Arcs a playground for sports enthusiasts of all levels.

Arc 1950 Le Village was founded in 2003 by Canadian company Intrawest. It is still the most recent resort to have been created in Savoie and more specifically in the upper Tarentaise. A true honour!

From its arrival in the Village as the lodging operator in 2009, Pierre & Vacances Premium has optimised service quality and occupancy rates, with visitors from France and abroad. It is the Village's official partner!

Throughout the winter season, the Village will be participating in the festivities in Les Arcs and will also be celebrating the 10th anniversary of its partner Pierre & Vacances Premium with an outsize Pop Rock concert.
