

GO
kids!

There is an age where every moment is one of surprise and unrestrained happiness. In Arc 1950 le Village, any age is that perfect age, for everyone, parents and children.

WHAT YOU NEED TO KNOW

Arc 1950 le Village adapts to families (rather than the other way around) with premium infrastructures and services that make everything easy from the moment you arrive. In the Cariboo's Club, everything is in place to keep children happy – from their very first moments on skis to their first freeride runs – as well as their parents.

A FUN AND EASY FAMILY HOLIDAY

From the moment they arrive on Saturday, guests can forget stress thanks to the attention of the reception staff who are there to assist them with everything: collecting their apartment keys, getting their ski passes and even their equipment.

Bouncy structures in the village centre and age-appropriate films (shown at 2pm & 4pm) keep your little ones quite safely entertained while the adults complete the arrival formalities. Baby kits are available in the residences to make your stay easier (travel cots, fitted sheets, highchairs, changing mats, strollers and safety gates for stairs can be reserved on 04 79 04 19 50). You can get a list of babysitters from reception. You can also order shopping in advance and have it delivered straight to your apartment on Saturday. It will even be put away in the fridge!

CARIBOO'S IS GREAT FOR KIDS OF ALL AGES!

The **P'tit Cariboo** club takes children aged 9 months to 3 years for half days or full days, so that their parents are free to go off and play. There are indoor and outdoor activities for them to join in that respect their daily rhythm.

The **Cariboo's Club** is for 3 to 13-year olds for full and active days from 8.30am - 6pm. A chef prepares balanced meals for them using fresh produce every morning. The children are divided into different age groups and discover the mountain through a range of fun activities. In collaboration with the ski school, children taking ski lessons can be supervised between the end of the morning lesson and the start of the afternoon one.

Spirit by Evolution 2 ski school based in the village centre offers lessons for all levels.

SKIING JUST LIKE MUM AND DAD!

In the Village and the rest of the Les Arcs ski area, you don't have to be very big to enjoy the snow and the slopes.

Little kids can try their first runs quite happily in safe areas with adapted equipment right in the village itself.

Older children can learn on the slopes at their own pace, with fun as the main objective.

Experienced skiers who see the mountain as their very own playground can opt for the Backcountry Course. Over the week, the young skiers on the course can try freestyle (on the slopes and in the snow park), freeride and ski racing, as well as other snow activities like Snake Gliss!

The Base Camp course lets them have fun quite safely, learning about snow conditions and mountain safety (how to use avalanche rescue devices, shovels and probes, orienteering courses...), and filming and editing a video about their week's holiday to take home and put out on all the social networks!

Arc 1950 le Village is the place to be, even for the most demanding youngsters!
