Thanks to the daily entertainment programme, guests in Arc 1950 le Village can turn every moment into a celebration. A programme for all ages and tastes.

WHAT YOU NEED TO KNOW

Arc 1950 le Village offers a unique experience for festive holidaymakers. The entertainment programme is the resort's trademark with events on a different theme every week to add colour to your stay. Every day there is a choice of activities, games and shows to enjoy.

A WHOLE WINTER OF FUN!

A holiday in Arc 1950 le Village is an invitation to discover the resort from the perspective of a particular theme or key moment. Every week has its own character: sporty for Freeride Week or the Arc 1950 Games, chic and charming for the Fashion Show, magical at Christmas or Carnival but always fun and open to all. At the start of the season, the Les Arcs European Film Festival sets the tone with festivities and film screenings in the presence of the stars. After that, from Russian Christmas to Saint Patrick's Day, our international guests' cultures and national celebrations are often highlighted.

A PLEASURE-FILLED PROGRAMME!

The free weekly events programme capitalises on the unique atmosphere and character of this happy, welcoming village. The boutiques, bars and restaurants contribute to the permanent party atmosphere, with music, special evenings and tasting sessions... Whether you have come with friends, your loved one or as a family with children, you just need to leave the calm of your apartment to find the activity or show that inspires you.

On arrival, guests find games to keep their little ones entertained while they complete the arrival formalities. On Sundays, there are hot drinks and grilled marshmallows by the fire pit after a presentation of that week's theme and the different daily events.

There are aqua-gym or aqua-biking sessions in the morning. Throughout the day and into the evening, there are two toboggan runs for children and their parents. A fun sports activity is proposed every evening – laser biathlon, a freestyle session, a slide party, a Mölkky tournament on Thursdays, a torchlight descent – alongside the special theme events.

For bad weather days, there is an indoor programme that includes a poker party, slackline initiation or a Wii competition... During the school holidays, there are additional activities such as the Children's Ball, night time slalom races, ski jöering or a remote-control car rally.

KEY MOMENTS OF WINTER 2018

The red carpet is rolled out for the Les Arcs European Film Festival

The red carpet is rolled out for the Les Arcs European Film Festival. Culture, stars and skiing will be highlighted from December 16th - 23rd; the Les Arcs European Film Festival gets the winter season rolling with festivities and film screenings all week. Germany is the country of honour for this 9th edition. Info: www.lesarcs-filmfest.com

Europe's highest fashion show... at 1950 metres!

Arc 1950 le Village will be organising a fabulous fashion show during the Russian Christmas celebration from January 6th - 13th, with the latest chic winter sports trends presented in collaboration with the Village boutiques. On the programme: a fashion show with models and beauty queens from the fashion world, a DJ to get things moving and tastings of oysters and champagne. When night falls, a huge firework display will be set off from the slopes by the village, illuminating the magical backdrop of the Les Arcs mountains.

A different colour, style and character every week

Great Street Sale	14 - 21 April
Closing Week	21 - 28 April.

The Freeride World Tour in Arc 1950

Les Arcs will once again be hosting the world's top freeriders for the French Freeride World Qualifier which will be organised by Evolution 2 from January 29th - February 4th. On this occasion, guests staying in Arc 1950 le Village can discover all aspects of freeride skiing thanks to an impressive programme: competitions, film screenings, mountain safety sessions and freeride lessons for children and adults.

Freestyle shows in the Village centre

Freestyle shows will be organised during the French school holidays by local association Les Barrebus and Spirit 1950 by Evolution 2 ski school.

Star Trail: the night time running race

The Star Trail is a night time running race between Arc 1800 and Arc 1950 le Village. In March 2018, after 11km and 710 metres elevation gain on the ski runs and forest trails, the competitors will arrive in the spotlights of the village centre to great applause from the spectators!

Woody Ride sessions

A show that is organised by the Wood Bear Café with the instructors from Spirit 1950 by Evolution 2 ski school, to demonstrate a new version of freestyle skiing. With acrobatic moves and amazing runs through the Wood Bear Café, the quality of the show will be just like the altitude of the village itself: right up there!
