Les Arcs Film Festival, 11 years of fidelity

When the movies come to the mountains, you may well encounter a film star in a shop or restaurant, or by the pool. A cultural event in a unique setting, the Les Arcs Film Festival offers screenings of over 120 films, professional events, concerts, DJ sets and other activities in an off-beat, movie-loving atmosphere.

The Village hosts the Les Arcs Film Festival every year. This year, for its 11th edition, the Village is dedicating the ski slope that runs through the village to the stars that have visited over the past decade during this cultural and original event.

And that's not all; a permanent gallery with photos of the stars that have been in the Village will be going up in each of the Village residences.

Santa and the animal courtship ritual

Let yourself be carried away by the magic of Christmas with the "Courtship Ritual" by the Remue Ménage Company. These fantastic beasts composed of a herd of deer and stags perform their dances as an ode to love and a tribute to nature. The fascinating giants wander through the Village streets searching for Santa, then accompany him to his throne. Time is then suspended as you watch a firework display and wonder at the spectacular colours. You can even keep a souvenir of this magical moment with your family during the traditional photo session with Santa.

Tuesday, December 24th, 6 - 7.30pm

New Year 2020

Get ready for the New Year in an exceptional festive atmosphere in the brightly lit village! The Village square becomes a giant dancefloor animated by a DJ and live music whilst a light show transforms the façades of the coloured buildings and gets you dancing into 2020. You will then be in the perfect place to see the sky lighting up with fireworks to bring in the new year.

Tuesday, December 31st, 9pm - 1am

Christmas in the East

With its sumptuous boutiques, unique atmosphere and sparkling decorations, the Village of Arc 1950 is a festive location that carries you off in a bubble of joy. We have a totally original event to celebrate Christmas in the eastern countries on the programme: a fashion show of the chicest ski wear, a light show and DJ, as well as premium oysters and champagne.

Concert M Radio Live

Once again this winter, Les Arcs, M Radio, Arc 1950 and Pierre & Vacances Premium are putting together a great surprise event. Following the success of last year's concert with top French artists performing on a stage at 1950 metres altitude, you will once again be able to watch free promotional concert organised by M Radio Live. See our social network pages to find out who will be playing under the clock tower in the Village centre. Date to be confirmed

#1950AIRSHOW

After a summer spent riding the waves, Les Arcs' "Les Barrebus" riders are back on their skis for a new edition of the #ARC 1950 AIRSHOW. Their spirit of sharing and good humour has brought the Arc 1950 ski school instructors and the security patrollers together for a new freestyle ski show that is ever higher, bigger and more spectacular, but still "made in Arc 1950".
